FYP-22-S3-11 Identifying cryptographic functions in Blockchain systems

Overview

Team managed to complete the midpoint presentation and functioning prototype. Will need to work on the existing prototype and improve on it

Work completed

The functioning prototype and mid-point presentation.

List of Completed Work Items/Activities:

Sno	Work Item	When completed	Comment
1.	Functioning prototype	16th September 2022	Need to focus on the requirements given by accessor
2.	Mid-point presentation	16th September 2022	

Current Work

List of Current Work Items/Activities:

Sno	Work Item	% Completed	Expected Completion Date
1.	Refining prototype developments (Web App/CLI)	10%	29th October 2022
2.	UAT (Concurrently with (Sno 1.))	0%	12th November 2022

Future Work

To fully implement features and requirements in our prototype, concurrently testing the applications to look for bugs.

Problems Encountered

Team's skills in programming, time management and possible future features

Overall Assessment

Need to work harder to push for the development and improve on our programming skills to satisfy the project requirements
