FYP-22-S3-11 Identifying cryptographic functions in Blockchain systems

Overview

The team was able to complete a full 2x 30-day sprint to accomplish this daunting project. As we approach the final presentation, the team is working towards preparing for the final presentation, we are working mainly on the documentations and the presentation.

Work completed

Completed the project's documentation and final presentation's PowerPoint, all in preparations for the final presentation on 19th November 2022.

List of Completed Work Items/Activities:

Sno	Work Item	When completed	Comment
1.	Project's documentaion	11th November 2022	
2.	Final presentation's PowerPoint	11th November 2022	

Current Work

List of Current Work Items/Activities:

Sno	Work Item	% Completed	Expected Completion Date
1.	Final Presenation preparation	50%	19th November 2022

Future Work

Prepare for the final presentation on 19th November 2022

Problems Encountered

Only issue now is to be able to deliver our presentation within the 30min time frame. Given how big our project is and feature rich product, we need to focus on features which are important.

Overall Assessment

Final presentation is on track.
